

NuGO WEBINAR

## “Research at the Division of Nutritional Sciences, Cornell University”

March 25, from 10-11:30 EDT / 15-16:30 (CET)

Please register [here](#)

NuGO works with the GoToWebinar platform. Make sure to join us a few minutes earlier to get all programme updates. Questions can be asked in the [question pane](#) or preferred live by actively opening your microphone.

The organiser of this webinar is Professor Sander Kersten, Cornell University.

### “Introduction to Molecular Nutrition Research at Cornell University”

#### Programme

Short introduction to NuGO by Sergio Polakof

Introduction to Molecular Nutrition Research at Cornell by [Prof. Sander Kersten](#)

1. Plant-Based and Omnivorous Diets: Effects on Gut Microbiota and Iron Absorption Assessed via Stable Isotope Tracing by [PhD candidate Yuan \(Karina\) Zhang](#)
2. Variability in human oral and gut microbiota response to starch - implications for host health by [Dr. Angela Poole](#)
3. Zinc-Driven Regulation of Host-Microbiome Interactions in Inflammatory Bowel Disease, by [Savita Sastry](#)
4. Genes and Human Milk: From Known Players to Emerging Possibilities, [Dr. Yarden Golan](#)

#### Speakers

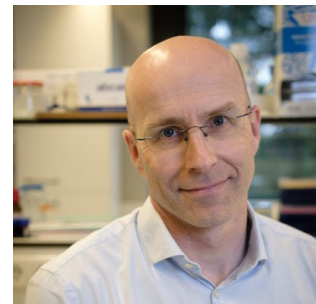

Yarden Golan Maor

Angela Poole

Yuan Karina Zhang

Sander Kersten
